PROVO.

- Death of Miss Grundvig. Special Correspondence. Provo, Utah County, June 8.-The following cases were set yesterday in the Fourth district court:

June 24 .- State vs Albion K. Paris

York: State vs Walter Harper: State vi Cynthia Campbell; state vs John Dall; State vs Jos. A. Daley. June 27.—John Christensen vs O. S. L Ry, Co.; James Cobbley vs O. S. L. Ry.

June 28.-Elisha Peck, Jr., vs O. S.

An order has been made citing Ernest Bucker, accused of fornication, to ap-pear in court on June 24th. The case was tried once and defendant convicted, he appealed to the Supreme court and the case was remanded for a new rial, it being one of these cases where the information was filed by the dis-trict attorney, before he had legal authority to file informations, according to the Supreme court decision,

Suit has been commenced by the G. S. Wood Mercantile company against John W. Groesbeck to collect \$179.16, alleged to be due on a balance of account or goods, wares and merchandise. This s the suit in which Mr. Groesbeck was arrested Thursday as an absconding debtor. The manager of the company makes an affidavit to the effect that defendant has told him that he intends to move to Oregon within the next six or eight days, and that he has disposed of all his property and refuses to pay he plaintiff the amount of his indebt-

edness or any part thereof.

McBride and Barnes vs the Western Moline Plow Co., is being tried before Justice Anderson. The plaintiffs al-lege that \$39.10 is due from the defendant for advertising and other small ac-counts contracted by J. W. Caldwell last summer while he was in the city acting as agent for the defendants, all of the accounts having been charged to plaintiffs. The defendant company claims Mr. Caldwell was not authorized to contract accounts against them.

MANY SURGICAL OPERATIONS. The following surgical operations

have been performed this week: Mrs. W. C. Sorenson of Mount Pleasant has been brought to Provo for the purpose of undergoing a surgical operation for abdominal trouble with which she has suffered for nine years. Drs. Allen, Taylor and Robison performed the operation and the patient is considered in a very favorable condition for recovery.

A 5-year-old daughter of Mr. and Mrs. Alonzo Bullock has had almost the entire shinbone of her right leg removed by Drs. Robison, Allen, Smart

and McGraw. Mrs. Jas. Prouse, of Kanosh, under-went an operation for intestinal trouble performed by Drs. Allen, Taylor, Robison and McGraw, and is progressing

Mrs. Wilkins, an old lady from Springville, underwent an operation for a tumor performed by Drs. Robison, Pike, Allen and Hardy. It was found that she was suffering from a cancerous growth advanced to such a stage that a cure is said to be impossible, al-though the patient is still alive.

STREET PAVING PROJECT. B. Y. College Commencement-Sale of Real Estate.

Special Correspondence. Logan, Cache County, June 7 .- Mr Joseph Wilson, chairman of the streets committee of the Logan city council, s around interviewing property owners interested in a late decision of the city council, looking to the paving of certain sidewalks in the business district of this city. It is proposed to levy a special tax in order to lay 5-inch asphal walks along the west side of Main street from First North to Third, and on both sides of Second from Main street one block west to the Klesel ho This improvement is sadly needed and will doubtless receive the acquies-

cence of the property holders. COURT CASE COMPROMISED.

The case of the State vs Hodda Carer, wherein defendant is charged with feloniously appropriating a team and buggy belonging to Mr. Philo Kent of Lewiston, has been compromised, Attorney Nebeker will move for a dismissal of the case. The attorney for the defendant, Mr. Geo. Q. Quick, succeeded in convincing the prosecution that Mr. Carter did not take the outfit with criminal intent.

B. Y. CLOSING EXERCISES.

The closing exercises of the training school of the B. Y. College were rendered Wednesday evening, as per program appearing heretofore in The various papers, recitations, etc., were highly meritorious, while the scarff drill, the good night drill, and the piece, "Little Red Riding Hood," were especially good and reflect great credit on Principal Jenson and his assistants, as well as upon the children themselves. President Linford awarded certificates to the graduates, whose names have been published.

Mr. Ephraim Goff and Miss Linda Day, of this place, were also married at the home of the bride's parents, President Abel J. Evans performing the ceremony.

WILL ABOLISH CREDIT SYSTEM.

The mercantile establishments of this end of the county have had under consideration the abolishing of the credit system and at a meeting called a few days ago to consider this ques-tion it was agreed to send out a cirto all patrons of the various firms setting forth what agreement had been entered into by the various mercantile establishment and it reads

In view of the fact that merchandise is daily growing nearer to a spot cash basis, and all jobbers and manufacturers are more exacting as to dating accounts, the retailer now finds that he must either sell for pay down, very short dating of accounts. All the merchants of the north end of county, like those of other parts have decided to adopt a uniform plan of regulating credits. This is in justice

to the man who pays as he goes. All accounts that run over thirty days will be subject to inteerst at the rate of 10 per cent, per annum, begin-ning June 10, 1901. If you use the banker's money you pay him interest. Why not pay the merchant for using his goods? Goods today are practically cash. This system will prevent long accounts, keep many people out debt and reduce the price of goods, and revert to the general good of merchant and customer. Many of the under-signed merchants will adopt the cash

system at once.

This change has been adopted not to oppress anyone but to benefit all; and we trust that the public will unite with

The Skin an index to the blood

Millions of little glands or tubes connect the blood with the skin, and through these small drain pipes perspiration passes out, carrying with it the impurities that are thrown off by the blood. Should the pores of the skin be entirely closed for even a brief space of time, and the poisonous matter forced back into the circulation, instant death would result. In addition to the sweat glands, the skin is provided with certain others which pour out upon it an oily substance, keeping the skin pliable and soft and protecting it from heat and cold. The blood and skin are so closely related that whatever affects one seriously interferes with the functions of the other. Not only health, but life itself, depends upon perfect harmony between the blood and skin. When, therefore, the

blood becomes poisoned from any cause, it quickly Internal and of sores and ulcers, pimples and various eruptive diseases. By the character of the

sore we are enabled to determine the nature of the poison or humor in the blood, as every disease originating in the blood has its own peculiar sore or pimple. skin is not only affected by the poisons generated in the system, but poisons from without enter through the open glands or pores and quickly infect the blood. Mercury rubbed upon the skin will produce Rheumatism, and Poison Oak and Ivy and other wild plants gain easy access to the blood through the skin. As so-called skin diseases originate in the blood, the application

Pure Blood— skin diseases originate in the blood, the application of powders, soaps and washes can do no permanent good, but often do immense damage by closing up the outlet to these little tubes and interfering with the natural action of the skin. The treatment must begin with the blood, and the acid or other poisons antidoted or neutralized. S. S. Evidences of Prosperity - Plenty of Water-Crops Doing Well.

Special Correspondence, Abraham, Millard Co., June 5,-The people here feel encouraged that the present season will be a successful one or them. Last year there was a general failure of crops, but there is plenty of water this season. The reservoir is full and water is running into it. Last June it was dry and no water was to be had for irrigation after this date The hay crop shows up well. Cutting will commence in earnest next week.

The grasshoppers destroyed the lucerne seed last year. Bishop George A. Seamons has built a brick mansion on the townsite. An effort is being made to enlarge the apacity of the school house, showing that Utah's best crop is not neglected. A number of orchards have been planted this spring, and the young trees are doing well. Something like \$500 was expended for fruit and shade trees

The second crop will be saved for seed.

The boys did well and deserved all they got-and much more. They not at their best; an off day; and it is were have wonder that they put up any kind of a game considering the treatment received from those who should encourage

It looked very black for the home lads right from the start. Hawley was placed in the box, but his support was so miserable that he wanted to retire in the second inning but Pace, who is now captain of the team, refused to allow it. The Lagoons made two hits and one run in the first, but nothing was made in the second by either side. In the next, a couple of runs had been batted out when Stoney singled and Taylor securing the ball threw it to Williams. As that cultured Gent reached for it the thing bounced many feet over his head and everybody came home including Stoney, score was then six to to nothing. In the Salt Lake's half of the third Hawley scored. The La-goons made two more in the fourth. In the meantime Webster came in from the left garden and Hawley went out to right. The two runs in the fourth were off Web but after that he held the enemy down in fine style and before got through with them they had most profound respect for him. pitching was of a masterly order and he was given better support. He brought order out of chaos and plucked the game from the yawning abyss. Hawley out in right cut off two runs by his fine throwing to home and Margetts cut off another by his presence of mind and quick work. Four times high benders were sent out in the vic-

inity of Morrow and he got every one of At the beginning of the last chance the score was eight to six in favor of Bamberger's pets when Pace and Webster singled and Morrow was given Barr came up and sent one out to Bradley in left, which that dig-nified individual failed to freeze onto and Ducky the captain came in. Taylor went out and the fond hopes of the fans began to fail them. Williams came up and the first chance he got he smashed out a good safe single, bring-

ing in Webster and Morrow.

In the last half of the ninth Risley was taken from second and for some unaccountable reason, or for no reason at all, McCausland was substituted. Risley had his off day with the stick yesterday afternoon and was struck out by little Joe Kostol three times. A good deal of "knocking" was going on against Risley by members of the vil chorus," and his patience was one f the remarkable features of the event. Nearly everybody seemed to forget the good work Dud has done this year, the many brilliant stops he has made and of the single, double and triple he made off Kostol the other day. But that is the way with some folks, they are ever ready and anxious to condemn a mistake, but never willing to give praise where deserved. Risley is all right and so are the rest of them. They need encouragement from the powers

that be and the team will never be a winning one until it is given them. With Pace as captain the team will improve if he is given a chance to work with the boys properly. He is an old timer, has played baseball fourteen

years and knows all the tricks of the game. The work of the Lagoons was almost first class. Kostol pitched a great game but the wind was against him during one inning. He gave six passes, which he didn't mean to do, struck out four hands, which he did mean to do, and was hit eight times, which he couldn't help. His support was of the right kind and he was given plenty of it. The team has certainly made a big hit here and its presence will insure better games in the future. The first league game is scheduled for this afternoon with Park City here, and tomorrow they will play the Salt Lakes at Lagoon. will play the Salt Lakes at Lagoon. TROUBLE FOR PLAYERS. Risley Released-Players Accused of

Throwing Yesterday's Game. Risley has demanded his release and received it. Hale may get one at any time, ditto Willams. Barr has hinted that he is tired of being hammered, ditto Morrow, and charges and counter charges fill the air. Such is the condition of the Salt Lake

club, brought about last evening when some individual who was afraid to divulge his cognomen, and who has a monopoly on meanness, made the ob-viously groundless charge that the Salt Lakes willfully tried to throw yester-day's game for Lagoon because \$1,500 had been bet on the latter. "Pink" Hawley was accused of starting the thing, and Risley was accused of striking out on purpose. Of course these charges were not made to the men thmselves, but were carried to them by friends (?). Hawley was out until late last night seeking an interview with the person who started the gander. 'here would have been tropical times if Hawley had met him. Risley feels that he has been treated unfairly, sat and given no chance from the beginning of the season, and there is no ubt that his claims are tru . Manages Griffin admits that he has not been furnished proof of the charges, and of course he has a right to make what changes in the team he deems necessary, Certain ones who are in touch with the undertow say that if things are not straightened out within a few days the team will only be a memory of the past. Later—This afternoon Capt. Pace stated most positively that the trouble

which arose last night is all settled and that everything is now running smooth-ly. Risley will in all probability go to Ogden. No other releases are contemplated and it is expected that all will go well with the team from now on. The Salt Lakes left for Ogden at 1 o'clock this afternoon. Taylor will pitch for Salt Lake,

LAST EVENING'S RACES. Iver Lawson Rides the Fastest Mile

Ever Made. Iver Lawson pleased the spectators at the Salt Palace track last evening by annihilating a world's record and covering himself all over with glory. He rode the fastest mile ever made or an eight lap track or on any other track for that matter. The feat was per-formed in the second heat of the one mile handicap. Iver rode from scratch in the marvelously short time of 1:55 4-5 beating John Chapman's record of 1:58, which the Atlanta boy made at the Salt Palace September 19th, last year. The events were all interesting and were run off in lively fashion, without

the scorers paying strict attention to duty. There was only one spill and nobody hurt. The first number on the program was the three-quarter mile open amateur, the first heat being won by Eddle teur, the first heat being won by Eddle Smith, who, by a brilliant burst of speed, outdistanced the other riders by a number of yards. His time was 1:38 2-5. Bob Williams captured the second heat in 1:44 4-5, and F. J. Hoffman won the third heat in 1:41 flat. The final brought out a hot contest be-tween Eddie Smith and Hoffman, which the latter won in 1:37. Eddle was second, and Bob Williams third. The next was a three-quarter mile professional. Gus Lawson secured first heat by a quarter of a lap, in 1:44 2-5. In the second Iver made a pretty ride around the bunch and won in 1:44 3-5. He also won the final in third heat. He came in second in the

final, with Gus Lawson third.

There was a royal battle in the one mile amateur bandicap. The first heat went to Hoffman, who rode scratch. His time was 2:02 2-5, Mel-drum took second from the 100 yards handicap mark in 2:02. took final from scratch in 2:03 2-5. Hoffman crossed the tape first, but was disqualified for fouling Meldrum, ing him and Trenam to do a "Brodie" down the track.

The last event was a mile handicap

professional, the first heat going to Charley Turville in 1:59 2-5. He rode from the 70 yard mark. The second heat is when lver Lawson performed his wonderful feat. He was unable to catch the leaders in the final, however went to Oscar Julius-pronounced "Youlius"-from the 100 yard mark. His time was 1:54 3-5.
